Maeci and Gracie met in May 2010 during chemo at Riley Children's Hospital. Maeci was 10, now 15, was diagnosed in April 2010 with Hodgkin's Lymphoma and Gracie was 2, now 8, was diagnosed in February 2010 with Oligoastrocytoma, a brain tumor. Since then they have become best friends, more like sisters. We were blessed to meet each other! We were also blessed by Make-A-Wish® to travel to Walt Disney World® together in November 2010. Maeci's wish was granted and Gracie decided that she wanted to join Maeci. The Indiana Regional Make-A-Wish® made it happen! We had a wonderful time and we want to continue to "Give Back" and help grant the wish of other very deserving children.
